Kelly and Rosemary, Earthjustice comments are among the latest comments. I wanted to get these to you right away because they are substantive.

Update: We have approximately 55 unique comments in hand, most of which are 1-pagers. We are also investigating the 700+ “deferred” comments posted to Regulations.gov. We strongly suspect that most of those are form letters. I’ll notify you as soon as I know the number of unique comments.

Thanks, Joe
